THE WORLD OF  
**INTERIORS**

Proud to partner Paris Deco Off

This January the world's leading designers and decorators descend on Paris's design district for *Paris Deco Off* – now celebrating its sixth year. *Between 22 and 26 January over 80 international companies will open their stunning showrooms* and indulge each and every one of us with their new collections. *The World of Interiors* is at the heart of this special festival, with its February issue available in every showroom and pop-up space. As the world's leading design and decoration publication, we are thrilled to celebrate the start of another exciting year with our partners at *Paris Deco Off*.

Free shuttles will take you from the Left Bank to the Right Bank, from show to showroom. And on the *late night opening (till 11pm)* on Saturday 24th, spot the gigantic lamps individually designed by each company to guide you through the evening.

The event is free and open to both trade and retail.
